Fire Alarm Bell
VF4033-10 (6’’)
VF4034-10 (10”)

Product Overview
The Fire Alarm Bells provide durable and dependable operation required for life safety alarm systems.

Alarm bells are low current, high decibel notification appliances for use in fire and burglary systems or other signaling applications. The Bell is available in 24VDC.

These bells are available in 6” or 10” housings and are listed for indoor and outdoor applications. Bells must be used with the VF4035-10 box for outdoor use.

They are UL 464 listed and are warranted for 3 years from the date of purchase.
